**WE ARE**

---

SPACE COAST  
**SERVICES**

**Space Coast Services Management is a highly qualified, professional company with extensive experience providing services in cleaning management, maintenance, customer service, cooking, events, among many others.**

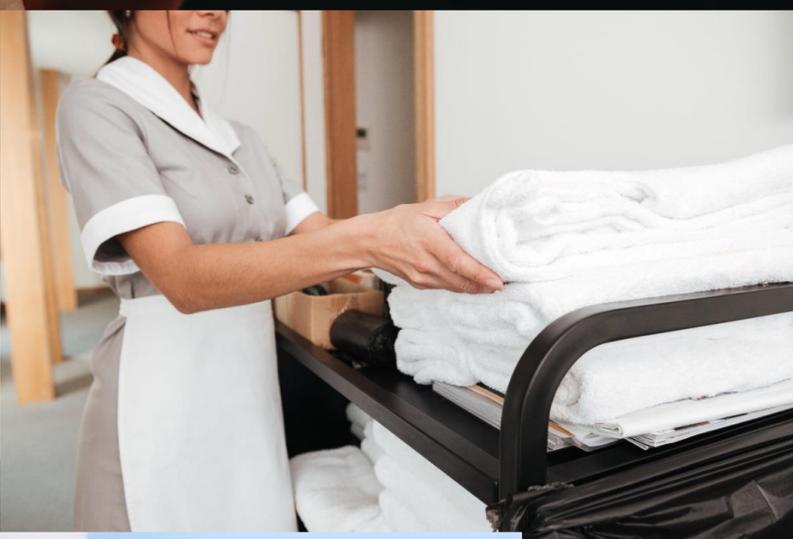

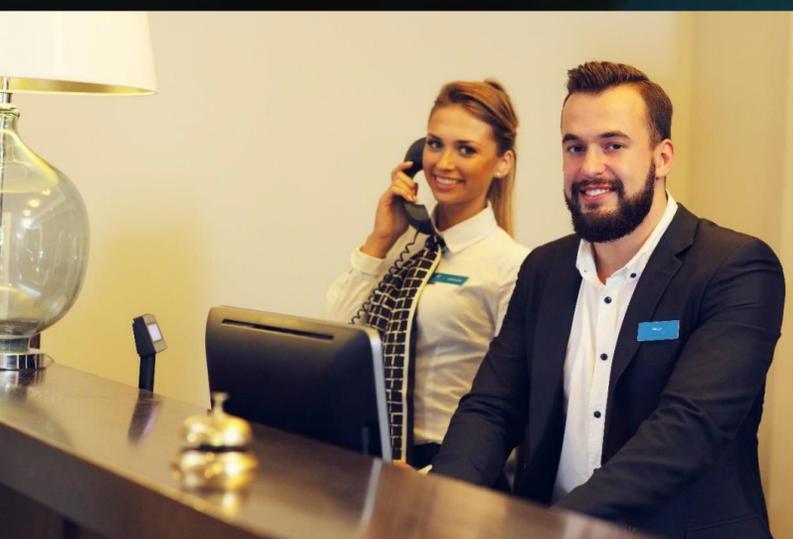

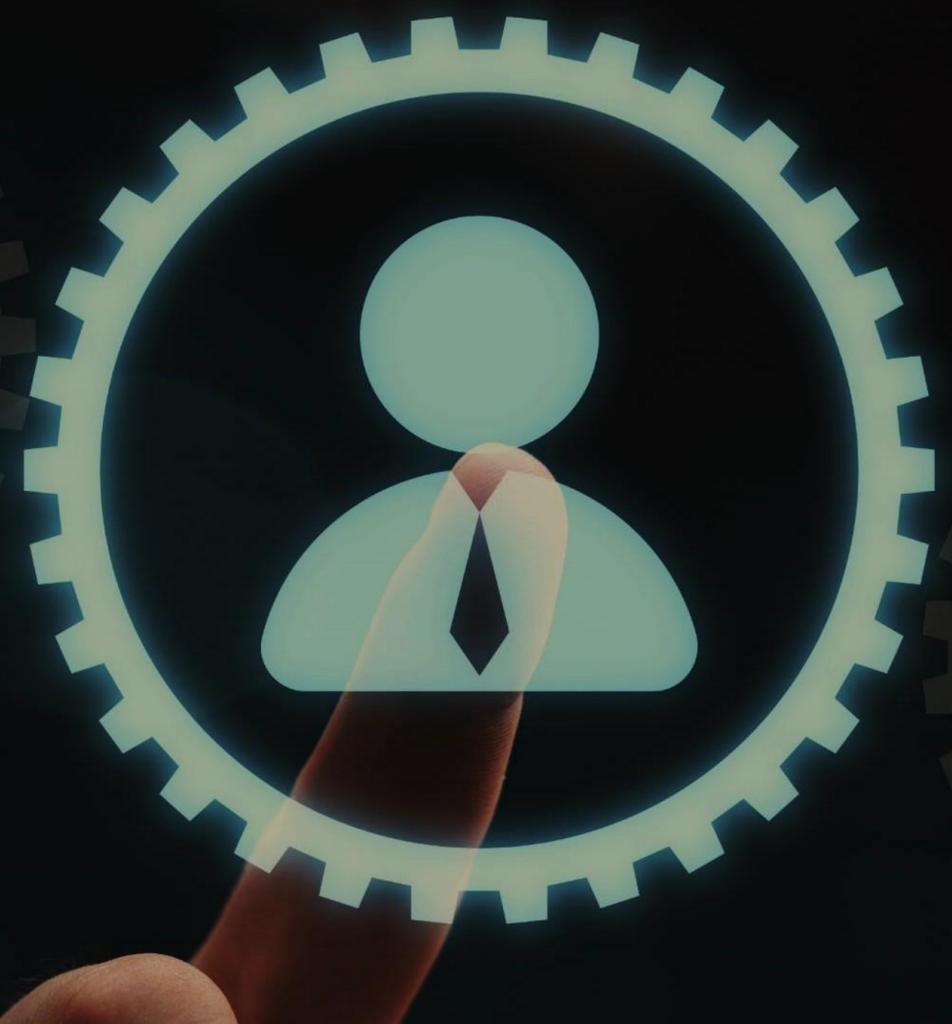

**We adapt flexibly and quickly to the operation and performance standards of each of our valued clients, becoming their key allies by supporting them in managing activities that are not the core management of their business activity.**

SPACE COAST  
**SERVICES**

**Space Coast Services Management** has the ability to manage and absorb within our area of action those activities or tasks that your main business does not have or should develop.

With our expert team we evaluate and define the process to be executed with each client and we take care of the rest.

# CUSTOMERS

We currently serve more than 450 customers nationwide in the hospitality, restaurant, commercial office, events and entertainment sectors, among many others.
